📅 23/10/2000 in <https://www.linkedin.com/in/eka-daghelashvili/>

PROFILE

I am a highly organized and hard-working web developer with strong analytical and problem-solving skills. I believe I am rather communicative and flexible as well as a good team player and a quick learner.

I mainly work on developing new user-facing features, determining the structure and designing web pages, building reusable codes, optimizing page loading times and using markup languages to create the web pages.

EDUCATION

Bachelor

Tbilisi State University
Computer science

2018 – 2022
Tbilisi, Georgia

SKILLS

Programming Languages: C#, JavaScript, TypeScript

Front-End: Angular, HTML5, CSS3, Bootstrap

Back-End: .NET Framework, ASP.NET, RESTful APIs

Database: Entity Framework

Version Control: Git

Tools: Visual Studio, Visual Studio Code

PROFESSIONAL EXPERIENCE

SOFTX

Web developer

02/2021 – present
Tbilisi, Georgia

Wrote and developed new and well-tested code for different software projects. Coded software updates to add new features, close security holes and resolve defects. Built reusable code to utilise for other projects and to minimise costs.

Utilized .NET framework to architect and develop scalable back-end solutions, ensuring efficient data processing and integration.

Implemented authentication and authorization mechanisms, ensuring data security and user privacy.

Developed responsive front-end interfaces using Angular, enhancing user engagement and accessibility across devices.

Collaborated closely with UI/UX designers to implement intuitive and visually appealing user interfaces.

Mentored and provided technical guidance to junior developers, enhancing their coding skills and accelerating their onboarding process.

Designed and conducted regular code reviews, offering constructive feedback to improve code quality and adherence to best practices.

SYSTEMcorp

Front-end developer

2019 – 2020
Tbilisi, Georgia

Develop UI components using React, a front-end JavaScript library.
